

E-invoice workshop in HCM, Vietnam, on 7th November 2023

Digital Agency Japan (Mr. Hiroyuki Kato) was officially invited to “E-invoice workshop in HCM, Vietnam” as a panelist.

A title of the workshop was “ Enhance Businesses’ e-invoice capabilities to facilitate digital economy” and it was organized by Ministry of Industry and Trade Vietnam.

Mr. Hiroyuki Kato attended the panel session virtually, together with other Peppol Authorities in APAC countries (AUS and SG). APAC Peppol Authorities emphasized the merits to adopt “Peppol e-invoice” based on the experiences in each country.

eInvoicing | Voluntary Adoption learnings and challenges

Time and effort

- Coordination with other mandatory initiatives
- Long lead times and release cycles

Large business and Government

- Change management for large business
- Generate industry-based network effects

Small business

- User experience and cost for small business
- Receiving invoices from large senders normalises the change

Bookkeepers, tax agents, intermediaries

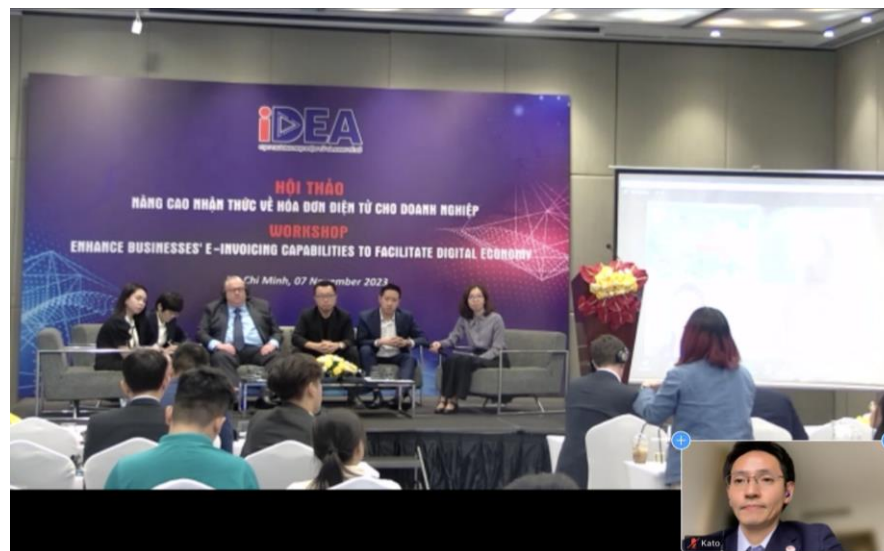

- Need early education to support business clients
